

MONTHLY FACTORS & PAYMENTS

With Financeit, you can be the affordable option. Quoting monthly payments is fast and easy with our payment factors and quick quotes.

HOW TO USE PAYMENT FACTORS

Simply multiply the total loan amount by one of the factors below to get a monthly payment.

Example: \$9,000 purchase price x 0.01093 = \$98.37 per month

*For loan amounts over \$20,000, add the one time fee included with the payment factor.
